ABOUT

I am a passionate, driven, and creative software engineer with a background in hospitality and management. Creating, maintaining, strengthening relationships, problem solving, and helping people is what drives me to succeed.

SKILLS

- HTML5, CSS, JavaScript, React.js, Node.js, Python, Django, MongoDB, SQL
- Fluent in Spanish
- Master Court of Sommeliers - Certified Level One Sommelier

EXPERIENCE

General Assembly, Washington, D.C *- Software Engineering Immersive*

July 2020 - October 2020

- Full-time, 500 hour, 12-week immersive software engineering program focused on full-stack web development
- Collaborated with other developers on full stack group projects
- Featured Project: **Cocktail Cards!** Guess the cocktail and correct ingredients. This was made with JavaScript, HTML, and CSS.
- Featured Project: **Developer Verse,** a social media website connecting developers. Full-Stack app made in collaboration with fellow developers. My main responsibility was designing and contributing to the Front End

The Hay Adams Hotel, Washington, D.C *- Director of Food and Beverage*

September 2019 - June 2019

- Managed a team of 50+ union employees in three different F&B outlets
- Organized private events for clients, created unique and original menu, food, and wine pairings

Kinship, Washington, D.C *- Bar Manager*

September 2017 - September 2019

- Created seasonal cocktail menus and pairings for the Michelin starred restaurant
- Trained and interviewed new hires, oversaw product ordering and inventory
- Developed and maintained relationships with guests

EDUCATION

General Assembly, Washington, D.C *- Software Engineering Immersive*
